

Technical Specification

Product description:

Eco-Bake® is a bleached non opaque, two side silicone treated natural greaseproof paper with excellent heat stability, manufactured from virgin fibre with high chemical purity.

Typical end-use:

An environmentally friendly baking paper, for 3 times use. Designed for less demanding baking processes like bread or buns with less sugar content.

Approvals:

All raw materials and additives used in production comply with main food regulations.

All products from Nordic Paper are without any added fluorochemicals.

Nordic Paper is certified according to ISO 9001 and ISO 22000.

All products are available as FSC Mix or PEFC certified products.
